

# In memory

of the 1561 American Air Force members  
interned in Switzerland during the second world war  
and especially to the 62 crew members who did not survive  
their last mission and are buried in Switzerland.

We are eternally grateful to the town of Davos for the warm hospitality  
to and friendly treatment of the 600 officers  
interned here during June 1944 to May 1945.

Presented by Dan Boone, one of the internees, and wife Sue Ann.
